Moving Drama

Canterbury City Council has recently commissioned Reward Projects, working with students from UKC, to devise and perform "Paul's Story" a 1 hour interactive drama performance for local schools and colleges. This moving play, about a teenager made homeless, looks at the issues facing homeless young people and the services available to support them.

If you would like a performance of "Paul's Story" at your school / college or youth venue, or would like us to create an original drama piece around youth issues call **Alison 01227 470721** or email to find out more info@rewardprojects.co.uk

Team Gets The Cream

Jason has recently returned from the Channel Islands having delivered a Team Development Day for 20 staff from Lloyds TSB Offshore Bank. The team development day offers new or existing staff teams the opportunity to get together in a neutral environment to take part in a range of indoor activities – developing problem solving skills, mutual trust, teamwork skills and shared aspirations. Importantly, the teamwork day offers a morale boosting experience and a chance to encourage and emphasise positive relationships within the team. Previous customers include Local Authorities, Youth Organisations and Sports Teams.

If you would like to book a graffiti arts workshop, please ensure you can provide an outside area in which the workshop can take place. Finally, here are some quotes from happy customers:

"The Graffiti workshop went really well and the young people really enjoyed it. The guys were absolutely brilliant and all the young people went home with master pieces, there were lots of surprised and pleased parents. Thanks again, Michele" (Great Chart Youth Club)

"It was totally what we needed - a team building course to motivate and inspire us and superb fun! We will also have great memories of the day! No need for improvement - Jason was absolutely first class!" (Lloyds TSB, Jersey)

"Just thought I'd send this to say a huge thanks for arranging for our Street Dancer! She did a great job and all of the girls really enjoyed working with her!!" (NLL Academy)

"I just wanted to thank you very much for all your hard work with the drama group yesterday. You gave us some great ideas for games to play with our support groups and ways to use the masks. All the children really enjoyed it and I'm sure we'll be booking more workshops with you, if you'll let us!! We'd also like to recommend you to the other projects we work with in Kent if that's OK?" (Young Carers Group)
